RE: 2009 Nationally and Regionally ranked teams for postseason award nominations

Included with this letter is the **exclusive** list of regionally and nationally ranked teams to be used for the compilation of statistics for your nominees for AVCA All-Region and All-America Team selections.

For AVCA All-Region and All-America Awards purposes, a regionally ranked team is defined as any institution included in any NCAA regional ranking during the 2009 ranking period; a nationally ranked team is defined as any team ranked in the 2009 AVCA Division III Coaches Top 25 Poll for any **three** weeks, excluding the preseason poll.

When you complete the statistics section (page 2) of the ON-LINE nomination process you should **only** use the teams that are listed on the following page for requirements No. 2 and No. 3 below. You must submit each player's statistics against:

1. **All teams on your schedule;**
2. **Regionally ranked teams only** (from **all** regions, not just your own); and,
3. **Nationally ranked teams only.**

***Use **only** the teams listed on the following page when calculating statistics against regionally and nationally ranked teams; do not add teams as new polls and/or rankings are released.*

If you do not have a 2009 AVCA Awards Packet you may obtain one from awards sections of the AVCA Web site (<http://www.avca.org>).

Please remember that all postseason nominations must be submitted on-line and match-by-match statistical reports via e-mail by **5 p.m. EST, Thursday, November 19.**
