

## Benefits of Affiliate Membership

- The AVCA will offer a \$15 rebate to the state volleyball coaches association for each state association member that becomes a member of the AVCA at the full AVCA high school membership rate.
- Each affiliate chapter will have one seat on the AVCA Interscholastic Leadership Council, a representative group of affiliated state associations, which meets at the AVCA Convention to discuss national issues and share best practices.
- Affiliate chapters shall be entitled to list their annual clinic in the calendar section of the AVCA Web site, and one time in the AVCA e-mail announcements sent to members. The length of such announcements shall be determined by the AVCA staff in order to meet publication limits. In general, the format will be as in this example:

*Aug. 3-5, 2008, State High School Volleyball Coaches Association Clinic featuring elite state coach, Jim Smackem, and State Champ coach, Christie Killem. Best Place High School, City, State. For more information, call 800-000-0000 or log on to [www.youraffiliatename.org](http://www.youraffiliatename.org).*

- An Affiliate may use the phrase “An Affiliate Member of the American Volleyball Coaches Association” in conjunction with its name, logo or trademark.
- Affiliate chapters shall be entitled to a listing and a hotlink to their Web site on the AVCA’s affiliate page and shall post a hotlink to the AVCA Web site on their home page.
- Affiliates shall be entitled to advertise in *Coaching Volleyball*, the AVCA technical journal, and in *Power Tips*, the official drill bulletin, at a discount of 10%.
- The AVCA will make every effort to send an AVCA representative to the affiliate’s annual clinic. The purpose of the visit will be to make a short presentation to the affiliate group about AVCA, to be available to answer questions about the benefits of joining the AVCA, and to distribute AVCA materials.
