

Camp/Clinic LIF's

There are two legislative issues in the operating code addressing camps and/or clinics; **Quiet Period Ban for Camp/Clinic** and **June, July, August Restriction for Camp/Clinic**. These issues are mutually exclusive and should be voted on independently. Please see the scenarios below:

Option 1:

If you are not interested in limiting the conduct or involvement in camps/clinics, you would vote "NO" for both.

Option 2:

If you are in favor of **Quiet Period Ban for Camp/Clinic**, BUT you believe **June, July, August Restriction for Camp/Clinic** is too limiting, you would vote "YES" for the **Quiet Period Ban** and "NO" for the **June, July, August Restriction**.

Option 3:

If you are in favor of **June, July, August Restriction for Camp/Clinic**, you would vote "YES" for both.

It is possible that one could support **June, July, August Restriction for Camp/Clinic** BUT be against the **Quiet Period Ban for Camp/Clinic**, however, due to the fact that the summer limitation is more restrictive than the quiet period ban, it is understood that should the "June, July, August Restriction" pass, the "Quiet Period Ban" would become moot.
