

## JVA "Club of the Month"

As an association of club directors and coaches we can improve and grow the sport of volleyball by learning from the success of other member clubs. Whether your club is large or small, young or established, we can all benefit from each other's success.

### We are looking for clubs that have demonstrated:

- Growth in the number of teams and/or program participation this season
- Growth by adding a new program, expansion into other cities and states throughout the country
- Running programs that serve underserved populations (anything besides junior girls 11-18) – low income, boys, disabled, outdoor, adults, etc.
- Support of the mission of JVA by providing resources and education to junior programs
