

*JVA DVD's*

## **Youth Volleyball Across the Globe Series**

### **Youth Volleyball Netherlands**

Matt VanWezel of the Dutch Volleyball School and Dutch National Youth Team

### **Youth Volleyball Canada**

Lynne LeBlanc of the Canadian Volleyball Federation and Atomic Volleyball Programs

JVA brought Matt and Lynne to our JVA Youth Gala Tournament in 2009. The 2 DVD's are recordings of the live clinics they presented. Matt's clinic highlights their very successful "Circulation Volleyball" program for youth, ages 5-10. Circulation volleyball is a method of play that begins with move and catch and ends with pass, set, hit. It is played with 3-4 on a side. Lynne's clinic features the games and techniques used in their Mini volleyball (6-10), Atomic volleyball (8-12) and Triple Ball (12-14) programs. Both DVD's contain activities and games that very young kids, too young to play regular 6 vs. 6 volleyball, can play, be successful and learn the skills of the game.

***The set includes both DVD's and the clinic handouts.***

***\$20/JVA Member or \$40/non-member (includes shipping)***
