

An Invitation to Present

The American Volleyball Coaches Association would like to invite industry professionals to share their knowledge and expertise as a presenter of an AVCA Webinar during the 2012 calendar year. Throughout the year, the AVCA will offer a variety of webinar series on a broad range of topics. Session content must be exclusive to the AVCA Webinar and topics should relate to your area of expertise. You may also suggest a speaker or topic you feel would be a valuable addition to this educational programming.

The AVCA began offering webinars, also known as "AVCA Educational Timeouts" in the fall of 2010. This new online form of coaching education has been created to offer coaches a unique venue through which learning can be focused on a specific and relevant topic.

Benefits of Presenting:

- Position yourself as an industry expert
- Gain credibility and leadership stature among your peers
- Obtain added exposure for your school or organization
- Enhance your speaking and presentation skills
- Learn from others by sharing knowledge and experiences
