What made you decide to get into coaching volleyball?

I had the opportunity to start my coaching career at Club SyrV - I love how the club's main focus is meeting the athlete where they are and that they are a development driven club. If it weren't for that opportunity I don't know if I would be where I am today.

What are your career goals in the sport?

I want to continue to inspire young leaders and use a mutual love for the game of volleyball to teach my players about life.

Which coaches have influenced you the most?

My mom has had the biggest influence on my coaching career because she was a great coach herself and introduced me to the game at a young age. Karla Prince & Karl Caputo, who have been my mentors and have helped me see the game in a different way. Dori Hathway for giving me my first opportunity at the high school level.

What do you enjoy most about your coaching job?

My favorite part of coaching is getting to relearn the game through my player's eyes- I really enjoy hearing their perspective, it gives me great insight to help them become the best player they can be.
