- 5/6 Grade "A" Team Coach

Finneytown High School (April 2020 - November 2020)

- Varsity Assistant Coach (2020)

What made you decide to get into coaching volleyball?

I began coaching to stay around the sport I love. Coaching volleyball is so much more than just showing up and teaching the skills. Seeing the hard work pay off, the "light bulbs" go off, the development over the season, the excitement of the athletes eager to play at 6:00 in the morning. Student athletes deal with so much outside of the court that when they step on that court, it's a breath of fresh air. Coaching is that breath of fresh air for me, too!

What are your career goals in the sport?

Down the road, I would love to pursue a college coaching position. Developing my club in the best ways possible is always a goal I set for myself each year. Achieve my own possible goals so that I can provide the best mentor to the student athletes. My main goal in coaching volleyball is to ensure that I am changing lives for the better!

Which coaches have influenced you the most?

My team at CYVBC Surge amazes me every day! I am influenced by them to be the best director, coach, and friend that I can be. My high school coach will always have a positive influence on me. I reflect back to conversations, drills, and lessons he used to achieve the success that he had. My team at Seton High School will have an impact on me that will last a lifetime! The knowledge we have all gained from each other and the friendships that we have built have positively influenced my way of coaching.

What do you enjoy most about your coaching job?

Getting to be a part of an athletes journey! Seeing their confidence, development, and personality grow from 11's to 18's is the most amazing part that I have been so lucky to experience. Then cheering them on when they go off to college!
