- KC Power Volleyball Club 12u Head Coach - 2023-Present

What made you decide to get into coaching volleyball?

I have always loved sports and competing from a young age. I have always known I wanted to coach because of the coaches that have made an impact on my life. The sport of volleyball has given me so much so I want to give back and help inspire today's youth!

What are your career goals in the sport?

My hope is to push kids to be their best self both on and off the court. I want to positively impact as many kids as I can through teaching the sport of volleyball.

Which coaches have influenced you the most?

I had an incredible high school softball coach who inspired me to become a teacher. Additionally, my college coach has influenced me to pursue coaching and to give it everything I have.

What do you enjoy most about your coaching job?

Watching the light bulb moment when the athletes I coach figure out how to do something for the first time. I love watching kids come together and be the best they can as a team! Additionally, watching athletes be good teammates is the most rewarding thing as a coach.
