What made you decide to get into coaching volleyball?

I have loved volleyball for as long as I can remember, and I wanted to share that love and give back to the sport that meant so much to me during a pivotal time of my life.

What are your career goals in the sport?

To make it to the state tournament again and return with a blue map!

Which coaches have influenced you the most?

Our varsity head coach at WHS, Coach Lewis. She has instilled a great worth ethic in me, and has motivated me and pushed me to be the best that I can be. Coach Lewis not only instills confidence in her athletes, but also the members of her coaching staff. She has believed in me from the beginning, and that is something I will forever be grateful for.

What do you enjoy most about your coaching job?

Probably the relationships and the bonds formed. It is so rewarding to push athletes to be their best and then celebrate in their successes from their hard work both on and off the court.
