AVCA High School All-America - Nomination FAQs

- **There is no cap or limit to the number of nominees from each school.**
- **High School Head Coaches must have an active AVCA HS membership in order to submit a nomination.** If you have a club membership, contact the AVCA to have it switched to your high school for the duration of the nomination period.
- **Freshmen, Sophomores, Juniors, and Seniors in high school are eligible for nomination.** Middle school athletes are not eligible for consideration, even if they compete on their high school varsity teams (per individual state regulations).
- **Athletes on the Watch List are not automatically considered for the All-America teams.** A nomination must be received during the October 10-20 timeframe.
- **Nominating coaches will be asked to rank the nominated athletes from their school during the question,** “Please rank the athlete that you are currently nominating.” If there is only one nominee from that school, please assign them as #1. If there are multiple nominations from one school, please rank the players accordingly from highest or most qualified nominee onwards. This is done in order to assist the region committees during All-Region and All-America selections and can be expanded upon in the Significant Awards section if needed.

AVCA High School All-America - Stats Submission FAQs

- **Stats must be entered on either the AVCA nomination form or MaxPreps website.** You do not need to do both. We will merge records if stats are submitted via both portals and take the most up-to-date version of the submitted stats (i.e. if you submit your stats on the AVCA portal on 10/10 but also submit on MaxPreps, the MaxPreps stats will be updated and sent to us after nominations close on 10/20, so those would be the stats used during committee evaluation.)
- **The AVCA nomination portal will require that you still enter the team Games Played and Sets Played on the AVCA stats submission page, even if you are planning to submit stats via MaxPreps.** If you plan to submit stats on MaxPreps, please enter the team games played and sets played on the AVCA stats submission page then click “Submit”. The portal will require those two sections to be completed in order to ensure the 50% sets played eligibility requirement is met, but stats do NOT have to be submitted on that same page if you are submitting them on MaxPreps.
- If an AVCA nomination form is received with no stats on the second page, and no stats are later submitted via MaxPreps, the nomination will be considered incomplete.
- If MaxPreps stats are submitted and an AVCA nomination form is not submitted, the nomination will be considered incomplete.
