Premier Volleyball League

- Operations Lead (Oct 2020-Sep 2022)

#### **What made you decide to get into coaching volleyball?**

I returned home to San Diego after completing my collegiate career at the University of Wyoming. I kept in touch with WAVE's owners and directors throughout college and was excited to return as an employee when the opportunity arose in 2021! I had an incredible experience as a WAVE player (2011-2016) and am eager to pass that same experience on to our current athletes and families.

#### **What are your career goals in the sport?**

My goal isn't just for WAVE to be the #1 Club in CA, but to be the #1 Club in the country. To achieve this, I strive to make sure WAVE's off-court needs are handled so that our athletes and coaches can focus on training and competing. It's important that WAVE's communication is efficient and clear, our facility is fully equipped for elite training, our scheduling is intentional, and athletes have the coaching and resources

needed to succeed. As club volleyball evolves, our systems and processes must evolve with it.

**Which coaches have influenced you the most?**

Brennan Dean, WAVE's Executive Director, has been a coach, mentor, and influence in my life since 2012! He is a supportive coach/leader who prioritizes hard work, team chemistry, a hunger for success, and innovative thinking. I am forever grateful for everything he's taught me.

**What do you enjoy most about your coaching job?**

Every day, I get to experience WAVE's incredible culture! Our players and staff have created an environment that makes work so enjoyable!
