What made you decide to get into coaching volleyball?

This sport has provided so much to me throughout my life.. I love the sport and giving back to our volleyball community and continuing to make volleyball the fastest growing women's sport in the country.

What are your career goals in the sport?

I genuinely just want to impact as many student-athletes as possible and share my passion with generations of volleyball athletes.

What do you enjoy most about your coaching job?

Being a positive impact in a small part of each of these ladies' volleyball journey. I love creating a lasting relationship with each of these girls. I genuinely care about each of their successes on and off the court.
